Inspiring Living

Welcome to Crown Furniture

Crafting comfort and style, we redefine elegance through functional furniture design.

From seat height to lumbar support and flame retardant materials to radius corners, we consider everything. It's all part of understanding style, elegance, and quality craftsmanship.

We manufacture using European Hardwoods, which are superior in strength and durability. It's part of our commitment to creating truly stylish and functional furniture, that will stand the test of time.

Sustainability

Committed to responsible manufacturing, Crown Furniture prioritises sustainability.

We prioritise eco-friendly practices, sourcing materials responsibly, and employing innovative techniques to reduce our environmental footprint.

Our factory and head office utilise solar power, reducing our carbon footprint. We recycle manufacturing byproducts, including plastic waste and foam, and donate excess fabrics to local TAFEs. Annually, we recycle up to 37.5 tonnes of woodwork scraps, contributing to environmental conservation.
