

CROWN FURNITURE

Healthcare

Hospital & Healthcare Furniture

About Us

**We've been crafting
furniture for nearly 50 years.**

In those years a lot has changed; we've developed new products, new processes, and forged new markets.

But, one thing has always remained the same – our promise to deliver products that will help you to provide the best quality of care to your patients.

Our Service Commitment

Crown Furniture is a third generation family-owned business. We care for our customers and their needs as if they were our own family. We include the following as part of our service to you:

AUSTRALIAN MADE AND OWNED

Our team has extensive experience in furniture and cabinet making. We are skilled craftsman who advise on best practice and best design, for every situation.

OUR QUALITY STANDARDS

At Crown Furniture we pride ourselves on quality, that's why we work to the best in Australian standards in compliance & warranty guarantee.

OUR GUARANTEE

We offer a structural warranty, however coverage may be limited or altered based on the environment in which the product is used.

CHOOSE YOUR FINISHES

We offer an interior design service to develop your space through our expertise and knowledge.

ISO CERTIFICATION

Crown Furniture has obtained ISO certifications for Quality Management (ISO 9001), Environmental Management (ISO 14001), and Work Health & Safety (ISO 45001), demonstrating our commitment to delivering quality products and services while prioritising the health, safety, and environmental impact of our operations.

Fit for Purpose Furniture

Specialised environments like Healthcare need specific Fit for Purpose furniture to ensure comfort & safety for its patients and staff.

- / Correct seat height for ease of ingress/egress. This applies to all seating areas such as dining, lounge, occasional and outdoor.
- / Correct rake of seat and back rests with lumbar support to maintain good posture.
- / Arms that extend to the front of the lounge to assist the person getting out of the chair/lounge.
- / Use of moisture barrier, flame retardant upholsteries and foams.
- / Homelike products, not clinical.
- / Designed for care and maintenance – easy to clean.
- / Generous seat width to consider for different body types.
- / Sturdy construction with high weight ratings.

Healthcare Upholstery

Selecting appropriate upholstery is crucial when choosing furniture for healthcare environments.

At Crown Furniture, we understand the importance of using vinyls and fabrics that are specifically suited to the space in question. Our vinyls are a popular option due to their durability and practicality. They are all anti-microbial, waterproof, and easy to clean, which is essential in ensuring the safety of patients and staff by preventing infections.

In addition to the traditional vinyl options, we have partnered with suppliers who specialise in textured and patterned vinyls that are both practical and visually appealing. These options are perfect for creating a more inviting atmosphere in mental health spaces, moving away from the traditional sterile look of vinyls. Alternatively, our digitally printed moisture barrier fabrics are available in a variety of custom colors and designs. Depending on the level of care required in different areas, we recommend different base cloths with varying properties to meet the specific needs of our clients.

To learn more about our range of vinyls and materials for your space, please contact one of our professional consultants at Crown Furniture who will guide you in selecting the perfect fit for your needs.

Delivery & Placement

Delivery & Placement

Our care and attention doesn't stop once your furniture is made.

Our dedicated logistics team stay in touch with you every step of the way – ensuring your products are delivered and installed with the same care in which they were crafted.

Since our manufacturing is local, this gives us greater control of lead times allowing on-time delivery and placement.

We help you create an incredible environment for your patients, while making your life easier.
